## Warranty Guidelines

For warranties to go into effect, Sunbrella requires a sample of the product in question and must be given the right to inspect the product. Claims requesting reimbursement for labor costs must include a detailed summary of those costs.

Damage resulting from the following is not covered under warranty:

- Improper installation or cleaning;
- Excessive staining due to gear lubricant, ink, lipstick, motor oil, iodine, betadine, tomato-based sauces or sun lotion;
- Discoloration caused by exposure to steam
- Discoloration due to the presence of amines in adjoining foam or adhesives; or
- Normal wear and tear.

Warranties apply only to the top side of the product and do not apply to other items that may be present in an installation (e.g. foam, sewing thread, plywood, etc.).

The warranty period begins from the date an original equipment manufacturer installed the product, or the date the product was sold to an aftermarket manufacturer. Sunbrella may, in its discretion, recommend remedial methods, such as professional cleaning or repair to be done at the consumer's expense, in lieu of replacing the product.

To get warranty service, please contact the dealer or retailer from whom the product was purchased. The original purchaser will contact the manufacturer of the item purchased who will then contact Sunbrella.
